Attends® | The Smart Choice in Incontinence Care.™

Attends® Supersorb® Breathables®

Maintaining healthy skin is a challenge for those who experience incontinence – especially for patients and other individuals who remain in a lying or sitting position for prolonged periods of time. Untreated skin wounds and bedsores can become infected and are often very slow to heal. Prevention is the key, and that's where Attends' Supersorb Breathables underpads perform best. Supersorb has been proven to **dramatically reduce Stage I and II pressure ulcers**, resulting in significant cost savings for healthcare providers.*

What's great about Supersorb is its **air-permeability**. Air-permeable layers allow air to flow through, promoting healthy skin and helping prevent rashes and infections. With super absorbent polymers that channel fluids away from the skin, Supersorb keeps the user comfortable and dry. In fact, tests show that it stays more than four times drier than the competition's brand! Its extra-strength, moisture-resistant backsheet makes it our most durable underpad – perfect for in-bed patient positioning.

- All-in-one specialty use disposable underpad for both patient and bed protection **reduces need for multiple underpads**
- **1.5 to 2 times more absorbent** than our heavy underpads
- ASB underpad is **nearly three times stronger** than standard underpads, while our new Maximum Strength (ASBM) is **more than six times stronger** than standard underpads
- Latex free
- Air-permeable **for patients with high risk of skin breakdown**
- **Soft, cloth-like topsheet covers entire surface** to promote healthy skin
- **Super absorbent polymer** channels and locks fluids away from skin for maximum performance and helps control odor
- Leak-resistant, non-slip backsheet (white for ASB, purple for ASBM)

Size	Catalog Number	Case Count	Inner Packaging
Attends® Supersorb® Breathables®			
23" x 36"	ASB-2336	70	14 bags of 5
30" x 36"	ASB-3036	60	12 bags of 5
Maximum Strength Attends® Supersorb® Breathables®			
30" x 36"	ASBM-3036	60	12 bags of 5
