

INCONTINENCE CLEANSERS

INCONTINENCE SKIN CARE

Sensi-Care® Perineal/Skin Cleanser

Sensi-Care® Perineal/Skin Cleanser is formulated for patients sensitive to irritating fragrances, preservatives, and harsh cleansers. Extra-gentle yet extremely effective no-rinse cleanser ideal for incontinence and total body cleansing. Contains special conditioners and emollients, including hydrolyzed collagen, to soothe and moisturize fragile, sensitive skin. For all ages.

TENA® Skin-Caring® Wash Cream

TENA® Skin-Caring® Wash Cream has a gentle, easy-to-use, no-rinse formula that is safe for cleansing the delicate perineum. Used regularly as directed, it helps to soothe and prevent skin irritation for more comfort. With a pH of 5.5, it does not disrupt the skin's natural protective mantle and leaves a small lipid film on the skin surface for added protection. The mild fresh scent and effective cleansing properties help to control odor.
